VESSELS LOST ON THE LAKES

The Steamer Adella Shores of
Cleveland Sunk.

OVER A SCORE OF LIVES LOST

News of the Destruction of the Ship
Off Whitefish Point in Lake Superior
Brought to Duluth by the Crew of
the Steamer Northland, Who Dis-
covered Wreckage of the Missing
Craft All Over the Lake.

Duluth, May 8.—News of the de-
struction of the steamer Shores off
Whitefish Point in Lake Superior was
brought to Duluth by the crew of the
steamer Northland, who say that as
the latter was passing that point on
the way up they discovered wreckage
strewn all over the lake and in their
opinion it belonged to the Shores. The
fact that she was a week overdue at
Duluth and no word of her has been
received adds color to the theory.

The Adella Shores belonged to the
S. O. Neff Transportation company of
Milwaukee and is said to have been
up-bound from Michigan with a load
of salt. Rumor says that her passen-
gers and crew numbered twenty-one,
but this cannot be verified. The ship
was of 1,250 tons burden and under
command of Captain S. Holmes. The
engineer is R. S. Nott. The names of
the crew and passengers are not ob-
tainable at this point. Telegraphic
advices from various points between
Duluth and the Soo are being mo-
mentarily awaited by many here who
have given up all hope that the boat
or its human freight were saved. The
gale in which the ship foundered last
week and in which also the Aurania,
the Russian and the Nester went
down, was one of the fiercest in the
history of Lake Superior for this sea-
son of the year. The wind at times
gained a velocity of seventy miles an
hour. This, together with the fact
that a violent snow storm prevailed for
three days, made navigation extremely
perilous for ships that were caught
away from land and in the trough of
the sea.

ONE DEAD AND ONE DYING

Insane Man Shoots Two Other Men
in Alabama.

Huntsville, Ala., May 8.—J. Robert
Jones, senior member of the insurance
firm of Jones & Rison, was shot and
instantly killed by William L. Halsey,
president of the Halsey Wholesale
Grocery company.

A. D. McDowell, shipping clerk in
the Halsey establishment, was fatal-
ly shot and is expected to die.

Mr. Halsey is in jail and is said to
be insane.

The shooting occurred in the Halsey
store, where Mr. Jones had gone to
adjust some matters relative to insur-
ance. No quarrel occurred so far as
is known and the shooting was as un-
expected to Mr. Jones as to William
L. Halsey, Jr., son of the slayer, who
sat in the office and was the sole wit-
ness.

McDowell was shot several minutes
after Jones was killed. He had hur-
ried for a doctor for Jones, and, see-
ing that Halsey was apparently in-
sane, attempted to escape from him.
He was shot in the back, the bullet
coming out in his abdomen.

Halsey has been under treatment
for incipient insanity.

ANOTHER BLACK HAND CRIME

Wealthy Chicago Cigar Manufacturer
Fatally Wounded.

Chicago, May 8.—Another "Black
Hand" crime was given to the police
here to solve.

Mariano Zagone, forty-seven years
old, a wealthy cigar manufacturer,
who has narrowly escaped death on
three previous occasions through his
refusal to comply with demands of
his mysterious enemies, was shot in
the temple while sitting in a chair in
his brother-in-law's saloon, and is re-
ported to be dying.

When the police arrived they found
Zagone lying on the sidewalk in front
of the saloon. A revolver was found
under him. Joseph and Nicolasi
Carmello, saloon keepers, were arrest-
ed, but they protested that they knew
nothing of the shooting.

Life Term for Boy Slayer.

Kenosha, Wis., May 8.—John Brad-
ley, convicted slayer of Clifford L.
Smith, a former Libertyville, Ill., man,
was sentenced to a life term in the
state prison by Judge Belden of the
circuit court here. A bitter fight was
made to save Bradley from prison and
the case will be at once taken to the
supreme court.

TWENTY PERSONS INJURED

Bomb Explodes on a Street in Buenos
Ayres.

Buenos Ayres, May 8.—The explo-
sion of a bomb at Corrientes and Cor-
rito streets injured twenty persons,
four of them seriously, and caused
great excitement for a time. The
bomb was hidden in a basket of vege-
tables, which was placed on the plat-
form of a tramcar, presumably by
someone in sympathy with the strike
inaugurated on May day. A passen-
ger heard a noise like the ticking of
a clock coming from the basket and
informed the police. The basket was
removed by an officer and the explo-
sion followed almost immediately.
Among the injured is Dr. Victor Agui-
lar, an under commissioner of police,
and three police agents. A little girl
had both legs fractured and other per-
sons were more or less injured. One
arrest has been made.

A number of cars and cabs were
operated, though there was much diffi-
culty and some disorder.

Business is at a standstill and com-
merce has suffered enormously. The
situation has become so bad that the
government took steps to act with the
utmost energy.

A second bomb was exploded when
a street car was passing through a
prominent street. No one was in-
jured.

The leader of the Socialist party de-
clared that the general strike would
come to an end next Monday.

SAY COURTS HAVE NO JURISDICTION

Only Contention of Attorneys in
Mrs. Boyle's Case.

Mercer, Pa., May 8.—Relying en-
tirely upon their contention that the
Pennsylvania courts have no jurisdic-
tion in her case, counsel for Mrs.
James Boyle, on trial charged with
aiding and abetting the kidnapping of
Willie Whittle, refused to offer any
evidence in her behalf. Arguments
will be made today. The claim of
the prosecution that Mrs. Boyle partic-
ipated while in this state in the for-
mation of the conspiracy to kidnap
the boy, which was afterwards car-
ried out, will be combatted by the de-
fense, which will endeavor to have her
released in Pennsylvania and turned
over to Cleveland authorities.

The state completed its testimony.
It was mainly the same as that given
in the trial of James Boyle, but there
were some additional witnesses sum-
moned to connect Mrs. Boyle with the
abduction. One of the Cleveland po-
licemen who took part in the arrest,
testified that she said:

"I am the frail little woman who
planned the whole thing."

The finding of the ransom money
secreted in her clothing was also tes-
tified to. The proprietor of the Gran-
ger apartments in Cleveland identified
Boyle and Mrs. Boyle as the couple
who rented an apartment from her
under the name of Walker. An effort
was made to prove her connection
with framing up the plot while in
Pennsylvania and her remark that
she expected to receive some money
soon was brought out.

Judge Miller of Mrs. Boyle's coun-
sel is preparing several points which
will be brought to the attention of the
court.

Throughout the proceedings there
was an apparent desire upon the part
of Boyle and his wife to bring out the
name of another party said to have
been connected with the case.

Boyle endeavored to tell more than
he had been asked. "I want to tell
the whole truth about this case now,"
said he. "I want the whole thing
cleared up. I was not to blame. The
whole blame was on someone else."

While in her cell in jail, Mrs. Boyle
said:

"Both Jimmie and myself have tried
to tell the whole story in connection
with this case. We have not been
permitted to do so. It is not justice.
Everything should be heard and
thrashed out. As for myself I will
commit suicide before I go to the
penitentiary."

Welsh Defeats Frayne.

New York, May 8.—Freddie Welsh,
the English lightweight, defeated
Johnny Frayne of California in a fast
ten-round bout here. Neither man
was able to hit very hard and while
both were clever, the English visitor
was the master hand at every stage of
the mill. Frayne did a lot of rough-
ing, but he always got the worst of
the arguments at short range.

CLAPP TALKS ON THE TARIFF

Minnesota Senator Favors Re-
vision Downward.

IF THEY FAIL TO GET REVISION

He Declares the People at Home Will
Send Enemies of the Protective
Tariff to Washington Two Years
Hence Who Will Revise the Tariff.
Senate Fixes Duty on Lead in Leac
Ore at Same Rate of Dingley Law.

Washington, May 8.—Just before
adjournment for the day the senate
voted to fix the duty on lead contained
in lead ore at 1½ cents a pound
which is the rate of the Dingley law,
and of the pending bill as it was
passed by the house of representa-
tives.

Fifty-three senators, including all
Republicans present and Senators
Hughes of Colorado and McEnery of
Louisiana, voted in favor of the duty,
and nineteen Democrats voted against
it. This particular paragraph has not
been opposed by the low tariff Repub-
licans and the vote was not significant.

During the day Senator Clapp of
Minnesota spoke at length in favor
of lowering tariff duties and Senator
Owen of Oklahoma upheld the consti-
tutionality of an income tax.

Declaring the people at home are
eagerly waiting for the congress to
revise the tariff according to the cam-
paign promises of last year and that
if they fail to get this revision they
will send enemies of the protective
tariff here two years hence who will
revise the tariff, Senator Clapp raised
his voice for a real revision of the
tariff. Senator Clapp said that there
are not more than a dozen items in
the entire tariff schedule on which the
duties could not be cut down. He is
in favor of cutting them down, not be-
low the protective points, but just as
much as they will stand.

"It appears that we are called here
to re-enact the Dingley bill," said the
senator, "and if I believed that to be
the case, I would pack my grip and go
home, for it is child's play to re-enact
a law that is already on the statute
books."

"We are here to revise the tariff
downward. Every speech that has
been made by the president who
called this extraordinary session was
so made as to lead the people to be-
lieve that there was to be such a re-
vision. If this is not done, the pur-
pose of the session will be thwarted,
the people will be deceived and we
will not have discharged our duty."

WHILE ACTIVE IN POLITICS

Game Wardens Who Worked for
Stephenson Took Vacations.

Madison, Wis., May 8.—E. A. Ed-
monds, chairman of the Republican
state central committee, again occu-
pled the witness stand before the
senatorial investigation committee.
The inquisition developed little or
nothing of interest which has not
been brought-out on previous examina-
tions.

Mr. Edmonds was quizzed as to the
records of the state central commit-
tee, but informed the committee that
nearly all the documents had been
destroyed. He looked upon the re-
cords as a lot of rubbish after the state-
ment of expenditures had been filed.

He had no knowledge as to the dis-
bursements of money given to various
workers and knew of no financial aid
from Senator Stephenson being given
to any legislative candidate.

The part which the game wardens
took in the campaign was again gone
into. Mr. Edmonds said he had an un-
derstanding with Game Warden Stone
that all the game wardens who were
to work for Stephenson should take a
vacation while they were politically
active.

Smith Leaves the Philippines.

Manila, May 8.—Governor General
James F. Smith of the Philippine is-
lands, who has been given an indefi-
nite leave of absence and who proba-
bly will not return to the islands,
has sailed for Yokohama, where he
will take passage for America. There
was a remarkable series of farewell
affairs in his honor, Filipinos, Ameri-
cans and foreigners joining in the
demonstrations.

Battle With Moonshiners.

Hugo, Okla., May 8.—In a battle be-
tween a posse and a band of moon-
shiners near Turkey creek, United
States Deputy Marshal Lou Holden
was killed. The band was routed
after many shots had been fired.
Three moonshiners were captured.
The still was destroyed and a quan-
tity of whiskey confiscated.

Foulards! Foulards!! Foulards!!!

Have you not yet decided on your silk gown!

If not, consider the Foulard Silk, for they head the list of popular silks. It is not necessary to mention the wearing qualities of this silk as they are known the world over for service.

DAY FOR MOTHERS AND LABOR

Will Be Observed Throughout the
United States.

Philadelphia, May 8.—To a Phila-
delphia woman, Miss Anna Jarvis, be-
long the honor of originating the ob-
servance throughout the country of
the second Sunday in May as
"Mothers' day," a day set apart for
the mothers of the nation. Reports
coming here from all sections indicate
that the day will be more generally
observed tomorrow than it was last
year or the year before, when the ob-
servance of the day began.

The outward sign of the observance
is the wearing of a white carnation.
In an address to the people of West
Virginia asking the people of the state
to remember the day Governor Glass-
cock requested them to wear the
white carnation "because its white-
ness stands for purity, its form for
beauty, its fragrance for love and its
lasting qualities for faithfulness—all
a true mother's virtues." General
Henry M. Nevins, commander-in-chief
of the Grand Army of the Republic,
and Edgar Allen, Jr., commander-in-
chief of the Sons of Veterans, have
asked the members of the two organ-
izations to wear the emblem of the
day. In South Dakota "Mothers' day"
has been set aside as a state holiday
by Governor Vessey. Throughout the
country services will be held in the
churches in honor of the mothers.

In most of the Presbyterian churches
of the country and in some of the
churches of other denominations to-
morrow will also be observed as "La-
bor Sunday." The second Sunday in
May has been designated by the Ameri-
can Federation of Labor and by the
department of church and labor of
the Presbyterian church as "Labor
Sunday," to be observed by the at-
tendance in church of labor union
members and by the discussion from
the pulpit of some phase of the labor
question.

WOMEN FIGURE IN RIOTING

Take Conspicuous Part in Rows in
New York

New York, May 8.—Women figured
conspicuously in a street rioting in-
cident to the bakers' strike. Most of
the trouble occurred on the upper
East Side. A woman customer, leav-
ing one of the bakeries in that sec-
tion, was attacked by members of her
sex. The policeman who arrested one
of her assailants was in turn assailed
by a mob of men and women, who
threw bottles, bricks and clubs at
him. The mob was put to flight when
he drew his revolver and a reserve
force of police arrived.

Another policeman had a similar
experience with a crowd of fifty wo-
men who had attacked and slightly
injured Rosella Telgert, young daugh-
ter of a bakery proprietor. The wo-
man followed him into a butcher shop
with a prisoner he had made, attack-
ing him viciously and having to be
driven out with clubs by police sum-
moned to the beleaguered officer's as-
sistance.

GREATEST MARATHON IN WORLD'S HISTORY

Best Long Distance Men Meet
in New York.

New York, May 8.—The starter's
pistol in the Marathon race in the
Polo grounds this afternoon will send
off the greatest field of long distance
runners ever assembled in any part
of the world.

The men who will race 26 miles
and 385 yards for the honor of being
accounted the best Marathon runners
in the world and for shares in the
\$10,000 purse include practically all
the runners who have held the world's
attention since the present craze for
Marathon racing began. Among them
are St. Yves, the Frenchman who won
the Marathon Derby here on April 3;
John D. Marsh of Winnipeg, Can., who
broke the Marathon record last Sat-
urday at Toronto; Dorando, the fa-
mous Italian; Maloney, the former
amateur champion; Svanberg, the
swift Swede; Cibot and Orphee, win-
ners of the six-day race in Madison
Square Garden; Carvajal, the little
Cuban; Appleby, the Englishman,
holder of the world's fifteen-mile re-
cord; Fred Simpson, the Indian; Pat
White, the Irish champion; Ted Crook,
the dark horse from Fall River, Mass.,
and Tom Morrissey, a Newark (N. J.)
amateur.

The time for the ball game at Ameri-
can League park was set earlier than
usual to give the fans time to see the
race. The purse will be divided as
follows: To the winner, \$5,000; to
the second, \$2,000; to the third, fourth,
fifth, sixth and seventh, \$1,200; \$800,
\$500, \$300 and \$200 respectively.

CAPITAL CITY DINES TAFT

He Will Be the Guest of the Leading
Citizens of Washington.

Washington, May 8.—Local Wash-
ington, as distinguished from the offi-
cial life of the city, will do honor to-
night to President Taft at a dinner
which will be attended by members
of the local board of trade and cham-
ber of commerce.

Besides the president the guests of
honor of the local leaders of trade and
the professions will be Secretaries
Knox, MacVeagh, Nagel, Wilson and
Hitchcock and Attorney General Wick-
ersham. Vice President Sherman and
Speaker Cannon have also signified
their intention of being present.

WEEKLY REVIEW OF TRADE

Improvement in Retail Business and
More Optimistic Feeling Noted.

New York, May 8.—Bradstreet's re-
view of trade says improvement in
retail trade, some regaining of lost
ground in farming operations and a
distinctly more optimistic feeling as
to trade for the future are the lead-
ing favorable features in this week's
reports to Bradstreet. Jobbing and
wholesale trade for immediate deliv-
ery shows between seasons quiet, but
fall trade is developing a better tone
and enlarged demand. Perhaps the
most encouraging feature of the week,
business affecting one of the country's
basic industries, is the enlarged de-
mand, more cheerful tone and higher
range of prices reported in the iron
and steel industry. Coincidentally,
there is a rather more improvement
in the Western coal trade. The wool
market is strong and active at higher
prices and leather and hides are sell-
ing better at higher quotations, al-
though fall business in shoes does not
develop rapidly. Collections show lit-
tle change and are still inclined to
slowness. Taken as a whole, trade
feeling is optimistic, and much is
hoped from the passing of tariff un-
certainty, the development of warmer
weather and the progress of crop
planting and growth to a point where
the business community can safely
make calculations as to ultimate out-
come.

WOUNDS THREE OFFICERS

Prisoner, However, Is Soon Caught by
One of the Wounded Men.

Detroit, May 8.—While being
searched at the Windsor, Ont., police
headquarters, a prisoner who gave
the name of Herman Kraft of Superi-
or, Wis., suddenly drew a revolver
and firing a fusillade of shots as he
ran out the station door, wounded
three policemen. Sergeant William
Reid, though injured by a bullet that
grazed his ribs and tore off the end of
a finger, captured him several blocks
away. Patrolmen William Lister and
George Quany each suffered a bullet
wound in the arm. The prisoner, who
was arrested for stealing a bicycle,
at first gave the name of Herman Mar-
tin and said he was "a bad man from
Colorado," but later he said his name
was Kraft and that he had been em-
ployed by the Great Northern Bridge
Construction company of Superior.

Nevada Town Scorched.

Goldfield, Nev., May 8.—Fire at
Pioneer, Nev., burned twenty-five
buildings. There was no water with
which to fight the fire and it was al-
lowed to burn itself out. The dam-
age is estimated at \$50,000.

The Doctor's First Question
"How are your bowels?" This is generally the first question the doctor asks. He knows what a sluggish liver means. He knows that headaches, bilious attacks, indigestion, impure blood, are often promptly relieved by a good liver pill. Ask him if he approves of Ayer's Pills. Then follow his advice.

WEATHER FORECAST
Generally fair tonight and Sunday;
colder tonight, with frost.

KEEP 'em on a while, the weather
may take a turn to the bad any minute.

A NEW land company has been formed
at Little Falls the object of which is to
fill the vacant lands in Morrison county
with settlers.

THE fellows down in Washington
keep asking "what is whiskey?" Some
of the western members ought to be
able to show them—if not, ask the bar
keep.

A ST. CLOUD dealer was fined \$100
in the federal court for failing to can-
cel the stamps on three whiskey kegs
which were found in his cellar by an
inspector.

IN THE rush of business Arbor day
was entirely overlooked this year by
the governor. It is quite possible that
the oversight was missed by some, but
the general public would never have
known it if their attention had not been
called to the fact.

THE sheriff of Morrison county asks
the commissioners to raise his salary
from \$1,100 to \$1,700 which they have
refused to do as they figure the officer
is well paid, receiving besides his sal-
ary all his expenses, free rent and his
deputy paid by the county. From their
way of figuring, taking all these things
into consideration, the officer clears
\$1,280 per year. The sheriff has served
notice that he will appeal to the dis-
trict judge for the relief he asks.

THE resignation of C. E. Vasaly as
register of deeds of Morrison county to
take effect July 1st has been accepted
and Frank Bastien has been appointed
to succeed him. Mr. Bastien was born
in Morrison county and has been a life
long republican, and the appointment
gives general satisfaction. Mr. Vasaly,
who is acknowledged as the back bone
of Morrison county democracy, retires
to accept a position on the state board
of control, his appointment to cover a
period of six years and he will be com-
pelled to remove to St. Paul.

THE board of Beltrami county under
a law passed by the recent session of
the legislature has authorized the is-
surance of \$190,000 of bonds for the pur-
pose of refunding the floating indebt-
edness of the county which is stated
by the Bemidji Pioneer to be \$204,157.19.
The bonds are to be paid at the rate of
\$13,000 per year and bear 4 1/2 per cent.
The bonded indebtedness of the county
at the time the new issue was ordered
is stated to be \$110,000 with an offset
of \$43,734.51 in the sinking fund. The
assessed valuation of the county is over
\$7,000,000.

IT MAY not be generally known that
licenses are to be issued by the sec-
retary of state under the new law gov-
erning the owning and running of au-
tomobiles which goes into effect on May
15th of this year, and that every car
must be so licensed. The fee is \$1.50
or \$10 for a dealer for one number to
be placed on all his cars. Chauffeurs
must also take out licenses, paying \$2
for first and \$1 for annual renewals.
Road rules are many and explicit, cars
must carry brakes, horns, lamps, etc.,
and the speed limit is 25 miles an hour
and 10 an hour at crossings, curves or
other dangerous places, and strict rules
are laid down regarding passing teams.

SESSIONS WERE INTERESTING

Meeting of Women's Clubs Was Concluded by Election of Officers

RECITAL VERY SUCCESSFUL

Elks' Hall Was Crowded Friday Evening to Listen to Fine Musical Program

Friday afternoon the meeting was called to order at 2 o'clock by the presiding officer, and Mrs. Martin Molitor of St. Cloud, gave an interesting paper on Forestry. Mrs. Molitor told of the almost sacredly guarded forest reserves of Europe in comparison with the efforts now being put forth in America. She urged club women to interest themselves in legislation for that purpose, and also to encourage other clubs by agitating the use of the clipping gallery. The plan is proposed of interesting farmers who own 160 acres of land to reserve ten acres for timber. Mrs. Molitor suggested that the state can can only do this by making some small inducement in the way of a provision as regards taxation.

Miss Clara Baldwin, of St. Paul, next gave a talk on library work. She spoke of the reciprocity bureaus commission resources and the regular club libraries loaned out and reported fifty-two libraries to have been called for during the past year. She called to mind Benj. Franklin's well known circulating library as being the modest beginning of the present system.

Mrs. Bessie G. Perry, of Wadena, then read her paper on Germany. She dwelt upon the industries, education and resources of that great country. Her paper was unusually instructive.

Miss Maud White, of Sauk Centre, next gave a piano solo.

Mrs. W. S. Stone, of Park Rapids, read a most interesting paper on "The Balanced Woman." Mrs. Stone is of the opinion that this woman is not altogether on impossibility. She spoke of her as the complement to the well balanced man. She drew the parallel to the balanced ration speaking of the milk of human kindness; the strong meat of intellectual knowledge; the bread of the books, but not too many of these, saying that a few in every new list are well worth reading. She advised that the tasting be left out and that the process of sifting be used first. She urged a small amount of club life and organized endeavor and a dessert in the shape of music and art, and spoke of the balanced woman as being the most needed product of the 20th century.

Miss Marion Lewis, of Sauk Centre, next read a paper on "What We Owe to Society."

At the close of the morning session Mrs. Galernault, of Aitkin, chairman of the State Art Commission royally entertained the six state officers who were present at a dinner given at the Ransford hotel.

The president appointed Mrs. Baito, of Sauk Centre, Mrs. Stone, of Park Rapids, and Mrs. Molitor, of St. Cloud as a committee on resolutions.

Elk's hall was taxed to its fullest capacity last evening, the closing evening of the sixth annual meeting of the Sixth District of Women's Clubs.

The program was given by Mr. Clifford Wilkins, a Minneapolis baritone, Miss Alice O'Connell from Minneapolis School of Dramatic Art, and our own Miss Beare, who signaled "hats off" with a very brilliant interpretation of Chaminade's "Autonne," in other words, the poetry of motion expressed in a responsive "song without words." Mr. Wilkin's came before the audience

in simple sincerity that was the personality that gleamed all the way through his rendition of a varied program—varied, indeed, extending from the deep, rich melodies of Schubert's and Strauss' "Lieder Lieder" to the simple but expressive song, "Annie Laurie," and the still lighter sentiment expressed through Page's "Three Little Chestnuts" and Newton's "Drum Major," all of which were beautifully rendered. Mr. Wilkin's enunciation and breath control are especially to be commended. He repeatedly refused to respond to an encore, apparently, that the audience might hear more of the character studies as portrayed in a very charming manner by Miss O'Connell, who like Orpheus, compels you, instinctively, to follow, yes, and forget all else but the people she impersonates so well through a remarkable control of voice and manner. She responded to two encores, "That Isn't the Worst of it Either," and an impersonation of native Irishman, Scotchman, Chinese, etc., until her audience was almost convulsed with the realistic portrayal.

Mrs. Nelfi Benjamin makes an admirable accompanist and was at her best last evening.

Saturday morning the meeting was called to order by the president and the committee on resolutions, Mrs. A. Barto, Mrs. Stone and Mrs. Molitor reported, and their report was accepted.

Mrs. Patek next presented a bill to defray the expenses of the president and corresponding secretary which was allowed.

Mrs. E. J. Lewis moved that an order be drawn on the treasury signed by the president and secretary and forwarded to the treasurer of the district to defray the expenses of Mrs. Higbee in attending this meeting. The motion was carried.

Mrs. Lewis moved that by-law No. 2 of our constitution be changed to read, "Nominated by the delegates of the district in session at the annual state meeting." The motion prevailed and the change was made.

The election of officers was then taken up and Miss Amy Lowey of Brainerd was elected corresponding secretary of district; Mrs. B. F. Wright, of Park Rapids was elected treasurer of the district and Miss Marion Lewis, of Sauk Centre, recording secretary.

The following are the resolutions adopted:

"We the visiting delegates to the Sixth convention of the Federated clubs of the Sixth district wish to express our thanks and appreciation to the members of the Musical club for the gracious hospitality extended, also to all who so kindly opened their houses for our entertainment. We especially wish to thank you for the unusually fine musical numbers. We feel that Brainerd has set a standard which it will be difficult to attain elsewhere.

"We appreciate the courtesy of the Brainerd press shown this convention."

REPORT OF LADIES' MUSICAL CLUB
The following is the report of Ladies' Musical Club of Brainerd, read at the session Friday forenoon:

As this is our first report to the District Federation it may be well to introduce ourselves.

The Brainerd Musical club, which existed first as a dream in the minds of Mrs. W. H. Gemmell and a few other ladies, became a reality March 20, 1903 in an organization of 20 members. We are pleased to have Mrs. Gemmell, (who was our first president and who has remained a wise and helpful friend) with us at these meetings.

Organized as a purely musical club its objects were:

First, to study and practice the best music.

Second, to advance the interests and promote the culture of musical art in Brainerd.

The increase of the student members to a dozen and the successful rendering of excellent music by some of the active members is evidence that the first object is being realized while the large attendance at the open meetings speaks well for the wider influence of the club.

Since 1903 the club has increased from 20 to 70 members. During the last year the men of Brainerd have manifested an increasing interest in the club by their frequent attendance at the meetings and Mr. Hartley, superintendent of the city schools, has become a patron.

The club study for the year has been the development of music as shown in the rise of the various art forms, such as the opera, the oratorio, the symphony, etc. This has been the subject of the ten regular meetings.

Special programs were: Children's Day, when the entire program was given by little people and Patriotic Day, which was devoted to national music.

Miss O'Connell, of the Minnesota School of Oratory, furnished the third delightful special program.

In addition we have had two evening meetings, called club treats. The first was a program of vocal music by Prof. Southwick, of Minneapolis. The second, voice and piano Miss Dorothy Hume. Refreshments were served and each member was free to invite two guests.

Miss Leila Stanton who appeared in

violin recital and Mrs. Wilma Anderson Gilman, the remarkable pianist, gave the two regular concerts of the season.

This closes the record of the work of our club in music for this year. As mentioned in the beginning the purpose has been to broaden our interests somewhat by doing something to help those outside the club in a practical way.

A modest beginning is the exhibition of an art collection loaned by the State Federation of Women's Clubs; the sending of several boxes of books and magazines to the Walker sanatorium at Christmas time and the use of the proceeds of Tag day which we are planning for civic improvement.

While the plans for next year are not definitely formulated our aim remains constant—wisely to foster the most spiritual of arts; (music) and to serve our city practically in some simple way. We dedicate ourselves to these tasks with renewed energy.

JUDGE WILLARD SUCCEEDS PURDY

SPECIAL TO THE DISPATCH:
Washington, D. C., May 8.—President Taft today sent to the senate the name of Charles A. Willard to be United States district judge for Minnesota to succeed Milton D. Purdy. Mr. Willard, who was formerly a Minneapolis attorney, served several years as a justice of the supreme court of the Philippine Islands. His appointment is due to the personal friendship of the president.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

MUSIC AND DRAMA

Burns-Johnson Fight

Minneapolis Journal, May 7.—"The Burns-Johnson fight films exhibited at the Metropolitan last night are the most successful presentations of an athletic event ever recorded by the moving picture machine. Climatic and light conditions were highly favorable for the photographer and the result is a distinct achievement in pictorial record-making.

"The pictures show Tommy Burns, the Canadian boxer, in a new light, and refute in many ways the stories sent out of Australia regarding the fight. They show a badly overmatched white man struggling with a game ferocity against inevitable defeat at the hands of an abnormally developed negro. Burns was a loser before the ringing of the gong but fought with a wonderful persistency, although showing that he despaired of anything but defeat." At opera house, May 10.

Canada and the Marathon Craze.

"Canada is the birthplace of Marathonitis, and Hamilton is the city of its origin," writes William Hemmingway in Harper's Weekly. "Among the many lovers of outdoor sports in Hamilton about 1890 were a dozen or more young men who used to walk around the bay on winter Sundays when golf and rowing and sailing were impossible. Inevitably the spirit of competition seized upon them. The course was surveyed, and the party began to try to nip a little off the time consumed in walking the distance. R. B. Harris, one of the proprietors of the Hamilton Herald, after training succeeded in beating all competitors, and a go-as-you-please race around the bay was inaugurated by the Herald, in which Harris was beaten by W. R. Marshall. This was the origin of Marathon racing in America, and thus was implanted the germ of Marathonitis, now rampant throughout this country.

ASSESSMENT WAS INVALID

Property Holders on West Laurel Street will not Have to Pay for Improvement

NO PROPER ESTIMATE MADE

Neither was There Any Record of the Acceptance of Such Estimate by Council

Judge McClenahan has handed down a decision in effect declaring the entire assessment for paving Laurel street from Fifth street to the Mississippi river, which was done in 1902, invalid. The decision was in a suit brought by the State of Minnesota against Nels Benson to recover the taxes on the lot occupied by Peterson & Benson's livery stable. They set up as a defense that they had tendered the taxes, except the special assessment, and that they had been refused; that the special assessment was void and of no effect. In his decision Judge McClenahan found that there had been no estimate by the city engineer of the expense of the improvement made as required by law, neither was there any record of the acceptance of any such estimate by the city council. There have been few if any of the special assessments on the lot that street paid as the lots lay parallel to the street and in most instances the assessment for 140 feet of pavement was about all the lot was worth.

ABDUL HAMID'S NEW HOME.

Magnificent Palace at Saloniki Provided For Turkey's Deposed Sultan.

The Villa Alatin, at Saloniki, the new home of Turkey's deposed sultan, Abdul Hamid II., belongs to the brothers Alatin, who are bankers and house owners.

It is a modern, elegant building, just outside the city. It contains sixty rooms and is built in the oriental style of architecture. The house consists of three stories, is square, with a flat roof, and is surrounded by a vast garden full of rare flowers. Inside it is very handsome and has an extensive front, from which a fine view over the sea can be obtained. Two broad marble stairways give entrance to the villa.

MAKES WORK EASIER

Brainerd People Are Pleased to Learn How it is Done

It's pretty hard to attend to duties With a constantly aching back; With annoying urinary disorders. Doan's Kidney Pills make work easier. They cure backache.

They cure every kidney ill.

Mrs. John L. Nelson, living at 309 Quince St., South, Brainerd, Minn., says: "Only a few days ago my husband was speaking about the curative qualities of Doan's Kidney Pills and how they had helped him. Prior to using this remedy, he had a weakness across his back and off and on was greatly troubled by sharp pains through the kidney regions. While these attacks lasted he was hardly able to work. My daughter, living in Canada, recommended Doan's Kidney Pills so highly that he procured a box from H. P. Dunn's drug store and began their use. They were effective and quick in relieving his trouble and now Mr. Nelson has had but little cause to complain of kidney trouble."

RALSTON SHOES

Why *tread easy*

THE ORDINARY METHOD OF LASTING

THE RALSTON METHOD OF LASTING

NATURE'S TREAD LINE

\$4.00

Have you noticed how most shoes bunch up and wrinkle after they have been worn a few times? The fault is in the lasting (the process of fitting the uppers to the last—this gives the shape to the shoe.) By the usual methods the margins of the upper are pulled over unevenly, causing, as a result, the tread line to be out of center and giving the shoe an ugly appearance before the "newness" hardly wears off.

The RALSTON process pulls the margins over evenly and smoothly at every point. Consequently nature's own tread line is preserved, thus adding to both the wear and appearance of the shoe.

We shall be glad of the opportunity of showing you our different styles. We are confident that they can not be duplicated for \$4.00.

BOTH SIDES ARE CONFIDENT

District Attorney Dewitt Says He Can See No Other Result But a Verdict of Guilty as Charged in the Indictment—Counsel for the Defense Feel Sure of Their Client's Acquittal. Widow of William E. Annis Not Called as Witness.

Flushing, N. Y., May 8.—On Monday both sides in the Hains trial will sum up. Unless some unforeseen delay arises, Justice Garretson will charge the jury Tuesday morning. Thereafter the fate of Captain Peter C. Hains, Jr., U. S. A., on trial for the murder of William E. Annis at the Bayside Yacht club last August, will be in the hands of twelve men.

Three hours will be allowed each side for the final appeal to the jury. John F. McIntyre, chief counsel for the defense, announces that he will utilize every minute of the time, but it is expected that District Attorney Dewitt will not take so long.

As the trial nears its end both prosecution and defense profess confidence as to the outcome. District Attorney Dewitt said he could not see "any other result but a verdict of guilty as charged in the indictment." Mr. McIntyre, Eugene Young and Daniel O'Reilly, counsel for the defense, on the other hand, say that they feel sure of their client's acquittal.

Most of the day's session, was taken up with the testimony of the state's three insanity experts. All expressed the opinion, predicated on the hypothetical question prepared by the prosecution, that Captain Hains was sane at the time he killed Annis. Mr. McIntyre cross-examined the opposing alienists at length and succeeded in drawing the admission from each that facts as set forth in the defense's hypothetical question included symptoms of acute mania in the appearance and action of the defendant at the time of the shooting.

The district attorney did not call Mrs. Annis, widow of the slain man, to the stand, as had been expected.

The belief prevails that if Captain Hains is acquitted on the ground of insanity, the court may deem it necessary to order a lunacy commission to inquire into his present mental condition.

The prisoner sat throughout the trial with scarcely an indication that he realized what was going on around him. He appeared at times more like an automaton than a human being.

REVIEW OF HIS ACTIONS

Given by District Attorney Jerome of New York.

New York, May 8.—William Travers Jerome, district attorney of New York, was the chief speaker and guest of honor at a dinner given at Delmonico's. It was a gathering remarkable for the diversity of interests represented—political and otherwise. Tammany leaders sat side by side with prominent Republicans to do honor to the district attorney, who has recently come forward into the limelight of politics by his declaration before the people's institute at Cooper Union that he desired to "account for his stewardship." His speech, while giving no concrete examples, was a review of his actions and his attitude as district attorney.

Mr. Jerome, when he arose, was greeted first with applause, then with cheers followed by three "tigers." After expressing appreciation of the reception, he reviewed his work of the past year and the attitude of the public and said:

"I have come to believe that no great permanent good is accomplished by sudden revolution. However great the benefit may be for a time, however startling the improvement of outlook, such changes are largely ephemeral."

He said that he believed party organization necessary and that "we must have leaders whether we abuse them and call them bosses or not. Democracy does not disregard leadership. We hear a great deal about what is called in these later days democracy, but it is in reality 'mobocracy.'"

Mr. Jerome said that he had felt "very bitter about the ethical features of certain traction and insurance matters."

The public, he said, wanted a victim and because the ethical features of the situation often looked like larceny, the public concluded that they were larceny. And the public, he added, wanted a rich victim, but that he had known that the end of the stress would come and that it had come.

Murphy Knocks Out Smith.

Utica, N. Y., May 8.—"Harlem" Tommy Murphy, a fast lightweight pugilist, knocked out Jimmy Smith, a Boston welterweight, in the eighth round of what was scheduled as a ten-round bout here. Smith went on in place of "Kid" Goodman, who was injured in an automobile accident.

THE CHAMELEON.

This Curious Animal is Like Two Half Creatures Joined.

The chameleon is not allied closely to any other animal. It stands as a genus by itself. The nervous centers in one lateral half operate independently of those in the other. This seems outrageous, and it is, but it is true. The chameleon has two lateral centers of perception—of sensation and of motion. There exists also a third center—that common one in which abides the power of concentration by means of which the two sides of the creature may be forced to work in harmony with each other. But this center of concentration does not always dominate the situation. Notwithstanding the strictly symmetrical structure of the animal's two halves, the eyes move quite independently, and they convey distinct and separate impressions to their respective centers of perception. As of the eyes, so of the other members—each reports to and is controlled by its own center.

The result is that when the faculty of concentration becomes disturbed everything is jumbled. Let the chameleon be much agitated and its movements grow erratic. They are those of two creatures fastened together, or, rather, of two half creatures joined. Each half exhibits its intention of going its separate way. The result is a pitiable confusion of movement. There is no concordance of action. A curious example of the chameleon's helplessness when unduly excited is found in the fact that it cannot swim. The shock of being plunged into water upsets the poise of its faculty for concentration. Forthwith each side strikes out wildly for itself, to its own undoing. The chameleon is the only four-legged vertebrate that cannot swim.

When the creature is calm every impulse to motion is referred to the common center of concentration, and the entire organism acts in fitting accord with the commands issued by that faculty. Thus, while totally different impressions from the two eyes are transmitted from their centers to the common one, that concentrating power decides as to which scene is the more important and then directs the eye otherwise engaged also to regard it. The same principle applies in the control of all the members—so long as the animal remains unexcited. Any observer may easily verify the existence of this dual nature in a superficial way by some experiments with a sleeping chameleon. A touch on one side of the animal will wake that side up, while the other side sleeps calmly on.

POWER OF SHEIK-UL-ISLAM.

Head of Mohammedan Church and Expounder of the Law.

The Sheik-ul-Islam, who decreed the deposition of Sultan Abdul Hamid II., is the religious head of the Mohammedan world, and his powers are only surpassed by those of the sultan, who is nominal head of the faithful. The Sheik-ul-Islam is also called the grand mufti, or "the grand expounder of the law."

The powers of the Sheik-ul-Islam are extensive, and it is not the first time in history that his decree has deposed a sultan, for the same event took place in 1876, when the uncle of Abdul Hamid II., Sultan Abdul Aziz, and his successor, Murad V., were deposed.

The Turkish state is a theocracy, and obedience to the divine law as administered by the Sheik-ul-Islam and his muftis all over the empire is obedience to God.

CENTENARY OF CATHEDRA

St. Patrick's, in New York, to Observe Anniversary.

New York, May 8.—For a week, beginning tomorrow, old St. Patrick's cathedral, in Mott street, this city, in which many of the most notable events in the history of the Roman Catholic church in this country have taken place, will celebrate its centennial. Church dignitaries from many parts of the United States will assist in the ceremonies marking the anniversary.

The cornerstone of the old cathedral was laid June 9, 1809, by the Rev. Anthony Kohlmann. Its successor is the beautiful gothic edifice on Fifth avenue.

Perhaps the most conspicuous event in the history of the old building was the investiture of Cardinal McCloskey. He was here ordained a priest, consecrated a bishop, installed archbishop and finally invested a cardinal.

Twice in the history of the cathedral three bishops have been ordained in one day.

EXPLOSION OF DYNAMITE

Kills Two Workmen and Injures Two Others.

Winnipeg, Man., May 8.—Just before work on the spiral tunnel on the Canadian Pacific railroad in the Rockies near Field was finished, a dynamite explosion occurred with terrific effect, resulting in the death of two workmen and the serious injury of two others. The dead are: Thomas Duff and G. Zinchinotter. The seriously injured are P. I. Bonner, Spokane, and M. J. McDougall, Rossland, B. C.

Lunatic Kills Saloon Keeper.

Chicago, May 8.—Armed with two revolvers and protected by a large chest plate of iron, Fred Lundberg, who is thought to be demented, entered the saloon of Otto Lindquist here and began shooting. Lindquist was killed.

A Woman's Back

Has many aches and pains caused by weaknesses and falling, or other displacement, of the pelvic organs. Other symptoms of female weakness are frequent headache, dizziness, imaginary specks or dark spots floating before the eyes, gnawing sensation in stomach, dragging or bearing down in lower abdominal or pelvic region, disagreeable drains from pelvic organs, faint spells with general weakness. If any considerable number of the above symptoms are present there is no remedy that will give quicker relief or a more permanent cure than Dr. Pierce's Favorite Prescription. It has a record of over forty years of cures. It is the most potent invigorating tonic and strengthening nerve known to medical science. It is made of the glyceric extracts of native medicinal roots found in our forests and contains not a drop of alcohol or harmful, or habit-forming drugs. Its ingredients are all printed on the bottle wrapper and attested under oath as correct.

Every ingredient entering into "Favorite Prescription" has the written endorsement of the most eminent medical writers of all the several schools of practice—more valuable than any amount of non-professional testimonials—though the latter are not lacking, having been contributed voluntarily by grateful patients in numbers to exceed the endorsements given to any other medicine extant for the cure of woman's ills.

You cannot afford to accept any medicine of unknown composition as a substitute for this well proven remedy of known composition, even though the dealer may make a little more profit thereby. Your interest in regaining health is paramount to any selfish interest of his and it is an insult to your intelligence for him to try to palm off upon you a substitute. You know what you want and it is his business to supply the article called for.

Dr. Pierce's Pleasant Pellets are the original "Little Liver Pills" first put up by old Dr. Pierce over forty years ago, much imitated but never equalled. Little sugar-coated granules—easy to take as candy.

TEN DAY LIQUOR CURE

Including board, room and the comforts of home, while taking treatment. A secluded retreat, strictly private, no names or testimonials published; everything strictly confidential. Personal treatment by a medical practitioner.

CURE IN TEN DAYS or your money cheerfully refunded. Write to day for our free booklet, giving full information and address.

RED CROSS SANITARIUM
1819 Nicollet Ave., MINNEAPOLIS, MINN.

Shy on the Son.
"But I do not know the candidate," said an old Yorkshire farmer who was appealed to for his vote.
"But you know his father?"
"Yes, I know him, and he's a grand man."
"Then you will surely vote for his son, won't you?"
But the old farmer was still doubtful.
"I'm no so sure about that," he replied; "it's no every coo that has a cauff like herself."—Liverpool Mercury.
